	S	Section 6. Accidental Release Measures
6.1	Protective Precautions Protective Equipment and Emergency Procedures:	, Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. For personal protection see section 8.
6.2	Environmental Precautions:	Do not let product enter drains. Prevent further leakage or spillage if safe to do so. Discharge into the environment must be avoided. Methods and materials for containment and cleaning up: Keep in suitable, closed containers for disposal.
6.3	Methods and Material For Containment and Cleaning Up:	Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.
		Section 7. Handling and Storage
7.1	Precautions To Be Taken in Handling:	Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.
7.2	Precautions To Be Taken in Storing:	Keep container tightly closed in a dry and well-ventilated place. Recommended storage temperature: 2 -8 - 8 deg.C. Heat-, light-, and moisture-sensitive. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Product is sensitive to light and moisture.
	Other Precautions:	Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.
	Sectio	on 8. Exposure Controls/Personal Protection
8.1	Exposure Parameters:	
8.2	Exposure Controls:	
8.2.1	Engineering Controls (Ventilation etc.):	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.
8.2.2	Personal protection eq	uipment:
	Eye Protection:	Safety glasses with side-shields conforming to EN166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

 Protective Gloves:
 Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

 Other Protective
 Impervious clothing.

 Clothing: Respiratory

 Equipment (Specify

 is not required. For nuisance exposures use type OV/AG (US) or type ABEK (EU EN 14387) respirator cartridges. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Work/Hygienic/Mainten Handle in accordance with good industrial hygiene and safety practice. Wash hands ance Practices:
 before breaks and at the end of workday.
 8.2.3 Environmental Do not let product enter drains. Prevent further leakage or spillage if safe to do so.

Exposure Controls: Discharge into the environment must be avoided. Exposure Scenarios:

		Section 11. Toxicological Information
11.1	Information on Toxicological Effects:	CAS# 3290-92-4: Acute toxicity, LD50, Oral, Rat, 5660. UL/KG; Toxicology and Applied Pharmacology, Academic Press, Inc., Vol/p/yr: 28,313, 1974 Acute toxicity, LD50, Skin, Species: Rabbit, 16.00 ML/KG. Result: Behavioral: Somnolence (general depressed activity). Gastrointestinal:Hypermotility, diarrhea. Nutritional and Gross Metabolic:Weight loss or decreased weight gain. ; Toxicology and Applied Pharmacology, Academic Press, Inc., Vol/p/yr: 28,313, 1974
	Irritation or Corrosion:	Semi-Solid. Semi-Solid.
	Sensitization:	Semi-Solid.
	Chronic Toxicological Effects:	Specific target organ toxicity - single exposure: Inhalation: May cause respiratory irritation. Specific target organ toxicity -repeated exposure: no data available.
Carci	Carcinogenicity/Other Information: nogenicity:	 IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH. NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP. OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA. NTP? No IARC Monographs? No OSHA Regulated? No
	ing genien y i	Section 12. Ecological Information
12.1	Toxicity:	No data available.
12.2	Persistence and Degradability:	Semi-Solid.
12.3	Bioaccumulative Potential:	Semi-Solid.
12.4	Mobility in Soil:	No data available.
12.5	Results of PBT and vPvB assessment:	PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.
12.6	Other adverse effects:	No data available.
		Section 13. Disposal Considerations
13.1	Waste Disposal Method:	Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material. Contaminated packaging: Semi-Solid.
