

LOCKFAST

Engineering products

Product	Description	Pack size ml
T22 Screwlock	Used for small and non ferrous threaded parts.	10,50,250
T42 Nutlock	Used on all common threaded parts. Can be disassembled with normal hand tools.	10,50,250
T43 Nutlock	Oil tolerant thread lock used on as-received parts and can be easily removed.	10,50,250
T70 Studlock	Green High strength thread lock used for permanent locking.	10,50,250
T71 Studlock	Red High strength thread lock used for permanent locking.	10,50,250
T72 Studlock	High strength /High temp (+175°C).	10,50,250
T90 Penetrant	Used on preassembled parts to lock and seal threads. Very low viscosity.	10,50,250
R01 Retainer	Replaces keyways, splines etc on cylindrical parts.	10,50,250
R20 High Temperature	High temperature retainer (+200°C).	10,50,250
R38 High Strength	Used where ultimate strength is required in a power transmission environment.	10,50,250
R41 Bearing Fit	Used for the retaining of bearings and bushes where disassembly is required.	10,50,250
R48 High strength	Used in press fit applications	10,50,250
G74 Instant Gasket	Formed in place gasket with instant seal.	50,250
G18 Low Pressure	Provides resistance to low pressures immediately after assembly.	50,250
G10 High Temperature	High temperature gasket maker (+175°C).	50,250
H42 Hydraulic Seal	Instant low pressure seal for hydraulics.	10,50,250
P65 Pipe Seal	Sealing and locking of metal fittings and pipes	50,250
P72 Pipe Seal	Slow cure pipe seal with P.T.F.E.	50,250
P77 Pipe seal	Fast cure instant low pressure seal	50,250
Epoxy Stick Aluminium	Bond, fill, repair most aluminum	Stick (22 x 175)
Epoxy Stick Steel	Bond, fill, repair most metals.	Stick (22 x 175)
Epoxy Stick Quick Repair	Bond, fill, repair most materials.	Stick (22 x 175)
Epoxy Stick Aqua	Bond, fill, repair in wet conditions.	Stick (22 x 175)
LF 220 Epoxy	5 min cure clear epoxy.	25 ml syringe
30 Min Epoxy	30 Min Ultra Clear Epoxy	50 ml syringe
LF 121 Acrylic	High strength fast metal bonder.	25ml syringe
White 500 RTV Silicone	Excellent adhesion & gap filling properties	310ml Cartridge
Clear 500 RTV Silicone	Excellent adhesion & gap filling properties	310ml Cartridge
Black 500 RTV Silicone	Excellent adhesion & gap filling properties	310ml Cartridge

LOCKFAST

Engineering products

Support Products

Anaerobic Activator	Fast acting on anaerobics	200ml Spray
---------------------	---------------------------	-------------

PVA

D2 PVA	White, high quality, PVA	250ml bottle
D3 PVA	High quality, fast and clear setting PVA	250ml bottle
Aliphatic PVA	High initial tack aliphatic PVA	200ml bottle

PU RESIN

5601 Rigid 1 min PU	Repairs damaged automotive plastic parts in 1 minute	50ml Cartridge
5605 Rigid 5 min PU	Repairs damaged automotive plastic parts in 5 minutes	50ml Cartridge
5805 Semi Rigid 5 min PU	Repairs damaged automotive plastic parts in 5 minutes	50ml Cartridge

MS POLYMER

Parabond Construction	All Weather MS Polymer	290 ml Cartridge
-----------------------	------------------------	------------------

Hot Melt Glue

HM 101 Hot Melt Stick	Clear Hot Melt Glue Stick	300mm
HM 102 Hot Melt Stick	Yellow Hot Melt Glue Stick	300mm
HM 930 Hot Melt Stick	Clear hot melt for packaging applications and difficult surfaces	300mm
